DBE Policy: It is the policy of the Birmingham Airport Authority (Authority) that DBEs as defined in 49 CFR Part 26 will have maximum opportunity to participate in the performance of all Authority projects and the Proposer will take all necessary and reasonable steps to ensure that DBEs have the maximum opportunity to compete for and perform subcontracts. Additional DBE information is contained in the full Invitation to Bid package. The bidder shall make good faith efforts, as defined in Appendix A to 26.45 – Guidance Concerning Good Faith Efforts-49 CFR Part 26, Regulations of the Office of the Secretary of Transportation, to subcontract **20%** of the dollar value of the prime contract to small business concerns owned and controlled by socially and economically disadvantaged individuals (DBE).

SBE Policy: The Birmingham Airport Authority (BAA) is committed to ensuring meaningful opportunities for Small Business Enterprises (SBEs) in airport-related contracts. As part of this commitment, this solicitation includes an SBE participation goal of **3%**. Respondents are encouraged to maximize the use of SBEs in subcontracting and procurement opportunities. The SBE goal is a target, not a strict contract requirement like the DBE program under 49 CFR Part 26. While bidders are strongly encouraged to meet the SBE participation goal, they are not required to submit Good Faith Effort (GFE) documentation if the goal is not met. However, BAA expects respondents to make reasonable efforts to include SBEs where possible.
