

**BIRMINGHAM-SHUTTLESWORTH
INTERNATIONAL AIRPORT**

**REQUEST FOR QUALIFICATIONS (RFQ)
ADDENDUM NUMBER ONE (1)
DATE: 2/16/2026**

PROJECT: Engineering and Construction Administration Services Terminal Inbound
Baggage Carousel Replacement
Birmingham-Shuttleworth International Airport
Birmingham, Alabama

From: Birmingham Airport Authority (BAA)
5900 Messer Airport Highway
Birmingham, Alabama 35212

To: All Participants

General:

This addendum will form a part of the RFQ and modifies the original Request for Qualifications (RFQ) document. The following changes take precedence over items in the RFQ. Any portion of the RFQ not changed by this Addendum remains in effect. Recipients of the Addendum are advised to provide this Addendum to anyone to whom they further distribute without the BAA's knowledge.

Participants in this RFQ are required to acknowledge receipt of this Addendum in their Qualifications. Failure to do so may subject Proposer for disqualification.

ADDITIONAL INFORMATION/CLARIFICATIONS/DESCRIBED BELOW:

1. **Question:** From the project description, the scope seems to be limited to a replace in kind but possibly taking advantage of technology advancements and more sustainability equipment. Does the airport anticipate any architectural changes to the facility or other upgrades that we should provide resources for?

Answer: Although architectural facility changes aren't currently anticipated for the project, we encourage all respondents to demonstrate their ability to address architectural challenges if they arise during design and are necessary for the replacement and integration of the inbound baggage claim carousels within the terminal facility.
