## PROFESSIONAL HAZARDOUS MATERIALS CONSULTING SERVICES

Testing and Abatement Monitoring  
for Demolition of  
RESIDENTIAL DWELLINGS AND OTHER STRUCTURES  
at the  
BIRMINGHAM-SHUTTLESWORTH INTERNATIONAL AIRPORT

The Birmingham Airport Authority (the "Authority") is seeking a highly qualified firm or team of firms (each, a "Respondent"), to provide Professional Consulting Services capable of providing hazardous materials testing and abatement monitoring services in conjunction with the development of a Rental Car Quick Turn Around (QTA) Facility.

The Authority is interested in procurement of services to facilitate the abatement of hazardous materials from residential and other dwellings purchased by the Authority for the development of the QTA Facility. Firms should be highly experienced and proficient in these types of hazardous material removal projects. The project scope of services shall include all work associated with providing a complete and full range of hazardous (specifically asbestos) surveys, and testing to confirm the presence of hazardous materials by careful examination of each structure.

A Pre-Submittal Conference will be held on Thursday, August 18, 2016, starting at 2:00 p.m. local time at the Birmingham-Shuttlesworth International Airport's Meeting Room A, located at 5900 Messer-Airport Highway, Birmingham, Alabama 35212.

Meeting Room A is situated adjacent to the Birmingham Police Substation on the Terminal Building's lower level. All interested participants are strongly urged to attend this conference.

Beginning, Monday, August 8, 2016, Request for Qualifications (RFQs) can be acquired via the Birmingham Airport Authority website. If unable to download a copy, please contact Mr. Lowrenzo Taylor, Project Manager for assistance at 205-599-0529.

All Statements of Qualifications (SOQs) will be due no later than noon, Thursday, September 1, 2016. Any received after this time will be returned unopened.

**DBE Policy:** It is the policy of the Birmingham Airport Authority (Authority) that DBEs as defined in 49CFR Part 26, will have maximum opportunity to participate in the performance of all Authority projects and the bidders will take all necessary and reasonable steps to ensure that DBEs have the maximum opportunity to compete for and perform subcontracts. Additional DBE information is contained in the full Request for Statement of Qualifications packages.
