

REQUEST FOR PROPOSALS
ADDENDUM NUMBER: **TWO (2)**
DATE: **JUNE 2, 2017**

PROJECT: Parking Management Services
Birmingham-Shuttlesworth International Airport
Birmingham, Alabama

FROM: Birmingham Airport Authority (BAA)
5900 Messer Airport Highway
Birmingham, Alabama 35212

TO: All RFP Participants

GENERAL:

This Addendum will form a part of the Contract Documents and modifies the original Request for Proposals (RFP) Documents dated May 2017. The following Conditions, Drawings, Specification changes, etc. take precedence over items in the Drawings and Specifications of the RFP Documents. Portions of the RFP Documents not changed by this Addendum remain in effect. Recipients of this Addendum are advised to provide this Addendum to anyone to whom they further distribute without the BAA's knowledge.

Participants in this RFP are required to acknowledge receipt of this Addendum in their proposals. Failure to do so may subject the Respondent to disqualification.

ADDITIONAL INFORMATION / CLARIFICATIONS / ATTACHMENTS DESCRIBED BELOW:

1. The following questions have been asked:

Q1: Will a sample contract agreement be provided?

A: We are currently working with our legal team to produce a sample agreement.

Q2: What are the insurance requirements?

A: A sample insurance requirement page has been attached to this addendum.

Q3: What is the anticipated makeup of the selection committee?

A: An initial selection committee will be formed, comprised of six BAA staff members. Staff members will evaluate all proposals and rank them accordingly. BAA Board of Directors will then chose to review and interview a select number of Respondents before making the final selection.

- Q4: Can the BAA provide a waiver from the license, registration and certification requirements provided in the RFP?
- A: The BAA cannot provide waivers for license, registration and certification requirements. Respondents are responsible for all license, registration and certification requirements needed to operate the parking facilities in this RFP and meet their goals.
- Q5: Can the BAA provide the hourly rate scale for the current employee categories?
- A: Establishing hourly rate scales for employees will be determined by each Respondent. It is the Respondent's responsibility to determine pay scale for their employees. However, attached to this addendum is the BHM Parking Operations Revenue and Expense summary that lists total personnel expenses for the previous five (5) years.
- Q6: Can the BAA provide the current staffing schedule by job description?
- A: The BAA expects each Respondent to propose their own staffing and schedule needs in their proposal. This allows the Respondent flexibility in developing the most efficient option for the parking operation.
- Q7: Can the BAA consider a fixed bond amount instead of the percentage of total estimated yearly contract amount?
- A: The contract amount will be based on the Respondent's Management Fee. Since the BAA does not know what amount that is at this time, we provided a percentage. Once the Respondent identifies what their Management Fee needs to be, they should take fifty percent (50%) of that fee to identify the bond amount.
- Q8: Is the Respondent required to operate the facilities based on the Procedures Manual provided in the RFP or may we develop our own Manual?
- A: The Respondent is encouraged to suggest and propose changes to the Manual as they see fit. The Manual represents current needs, but the BAA would be open to new ideas on how best to improve efficiency of the operation. Hence, changes to the Manual may be needed. All changes however, must be approved by the BAA Parking Manager.
- Q9: Are employees required to have SIDA badges? If so, is this reimbursable expense?
- A: Employees are not required to have SIDA badges and will not need to be in SIDA areas. Airport badges (without security access) may be needed for employees to access the employee lot and Economy Lot. The cost of those badges will not be reimbursed and are the responsibility of the Respondent.
- Q10: Are Operating Expenses reimbursable?
- A: No. All operating expenses should be included in the Management Fee. The BAA will not reimburse the expenses. Those expenses should be covered in the Management Fee.
- Q11: If a company is in the process of getting their ACDBE certification for Alabama, but are ACDBE certified in other states, are they eligible towards the 25% DBE goal if they become certified in Alabama by the time the project begins?

A: No. All sub-contractors being used towards the 25% DBE goal must be certified in Alabama at the time of proposal submittal.

Q12: Would you like the Respondent to project revenue in the operating budget?

A: The BAA does not require that the Respondent project out revenue.

Q13: Does the Management Fee include all operating expenses?

A: Yes. The Management Fee includes all operating expenses.

Q14: Is there currently an armored car service picking up money on a daily basis? If so, will that service continue through the airport or should we budget for this?

A: There is an armored vehicle service for cash collection. This is done by the BAA and will continue to be a BAA responsibility. This service should NOT be included in the proposals.

Q15: Please provide a list of current DBE and ACDBE contractors/companies doing business at the airport in the parking operations.

A: There are currently no DBE or ACDBE companies doing business in the airport parking operations. DBE and ACDBE firms can be searched using the following link:
<http://cpmsapps2.dot.state.al.us/alucp/default.aspx#view=search>

Q16: Is the 25% DBE/ACDBE goal to be calculated on the total Management Fee or revenue?

A: The DBE/ACDBE goal is to be 25% of the total Management Fee, NOT revenue.

Q17: Please provide a schedule of power washing and sweeping if this is to be provided by the Respondent.

A: Power washing and sweeping will not be part of this RFP. Those actions will be done by the BAA as needed. Do NOT include those items in the proposal.

Q18: Are there any vehicles provided by the airport for the parking operations or should the Respondents budget for this item?

A: Ground transportation, including shuttle services between the Economy Lot and the terminal, will be done by the BAA. Do NOT include any cost for operating shuttle services in the proposal.

Q19: Please provide a list of all operators' responsibilities for maintenance of the facilities (i.e. light bulb replacement, ballast repair, snow removal, elevator maintenance, etc.)

A: All maintenance needs of the facilities will be done by the BAA.

Q20: Will the Respondent be required to provide credit card processing for PARCs equipment? Should this expense be included in the Management Fee?

A: No, the Respondent will not be required to provide credit card processing. This is the responsibility of the BAA. Do NOT include credit card processing in the Management Fee.

Q21: Are any employees represented by a union?

A: No.

Q22: Is this a zero claims deductible contract?

A: Please see attached draft insurance requirements.

Q23 Will a principal/agent relationship be established between the authority and the parking operator, and if so, is the expectation that those goods and services procured by the operator be tax exempt?

A: No. Respondents should include taxes in cost of goods and services needed to operate the parking facilities of this RFP.

Q24: The Respondent Questionnaire has two questions labeled "1" at the beginning. Would you like us to change the numbering accordingly?

A: Yes.

Q25: Due date and time indicates 2:00PM "CST". Should this be corrected to 2:00PM "CDT" for the purposes of our submittal and required text on cover of proposal?

A: Yes. However, either text will be acceptable.

Q26: Regarding trademarks and logos may we have permission to use the BHM logo in our proposal submission documents for purposes of identification or illustration? As per the following: "Advertising and BHM Trademarks & Logos: The BAA retains the right to advertising at all locations where the Services operate. Further, any use of BHM's trademarks and logos by the successful Respondent is prohibited, absent written consent by the BAA. All advertising related to the Parking facilities / operation at BHM must be authorized through the office of the PR and Marketing Manager of the BAA."

A: Yes.

Q27: Will the operator bill and collect revenue for the employee lot?

A: No. The employee lot will be billed and collected by the BAA. The employee lot is not part of this RFP.

Q28: Can we submit only one copy of the financial statements in a separate envelope and mark this as confidential?

A: Yes. However, in the proposal under Section E. Respondent's Financial Documents, please include a statement directing the Reviewer to the separate envelope for the financial statement. Do NOT leave Section E blank.

Q29: Where does the Management Fee proposal go?

A: Management Fee should be indicated on the form in Section VI of the RFP along with the acknowledgment of all Addenda.

Q30: Is the garage 4,500 spaces as shown on Exhibit A or 4,450 spaces as stated on pages 10 and 11 of 38?

A: The parking garage holds approximately 4,450 spaces available for public parking.

2. The following are clarifications to the RFP criteria:

- I. Daily sample of parking transactions for the parking deck and economy lot are attached.
- II. Parking operation revenues and expenses (as they relate to this RFP) for the previous five (5) years are attached.
- III. Clarification to Economy Lot Capacity - The Economy Lot holds approximately 450 spaces.
- IV. Clarification on acceptable DBE/ACDBE firms – The BAA accepts any certified DBE/ACDBE companies registered in the state of Alabama whether they have been registered through the BAA or Alabama Department of Transportation.
- V. Clarification to trash pick-up responsibilities – The BAA will provide for trash collection. This refers to the action of collecting bagged trash from trash bins and disposing of those trash bags accordingly. It is up to the Respondent to keep their work areas clean of loose trash and spills. All loose trash should be put into the existing trash bins. Those trash bins will be emptied by BAA staff. All other cleaning needs (such as vacuuming, spills and windows) will be the responsibility of the Respondent.
- VI. Clarification to budget requirement – Respondents must provide a budget for expenses prior to each fiscal year. This includes the first year. The format for the budget will be the Respondent's preference, but should include personnel and general office expenses. General office expenses include paper, receipts, reports, desk items, etc. Maintenance and computers will be provided by the BAA and should not be included as Respondent's expenses.
- VII. Clarification to what expenses must be in Management Fee other than profit – Management Fee should include all expenses (direct or indirect) associated with operating the parking facilities of this RFP. Revenue produced by the parking facilities should NOT be included in the Management Fee.
- VIII. Clarification to Page 20 Technical Proposal about proposals not containing any reference to price – Disregard the section "Technical Proposal Response" on page 20. Management Fee should be identified on the Management Fee Proposal page. Page 31 of 38 in the RFP.

- IX. Defining "indirect" and "direct" operating expenses and fees – As it relates to the Management Fee, indirect and direct operating expenses and fees should cover all cost associated with the operation of the parking facilities including all permits and licenses required by local and state regulations, staffing expenses, material and office supply expenses.
- X. Clarification to Performance Bond Requirement – The value of the performance bond should be fifty percent (50%) of the yearly value of the contract. This is referring to the total Management Fee cost which should cover the total operating cost. This does NOT include any revenue or profit estimates.
- XI. Clarification to Section G. Proposal Security/Bond – In this Section, please provide a copy of the proof of the Bond. There is no required/specific BAA form.
- XII. Clarification to General Manager, Shift Managers and staff to manage facilities – Different titles have been used interchangeably during this RFP process. To clarify, the BAA requires that the Respondent have at least one Manger, one Shift Leader per shift, and cashiers and license plate recognition technicians as they see fit to complete the tasks of operating the parking facilities of this RFP. Other than one shift leader per shift and one manager, the BAA will not require any other specific number of staff needed to operate the facilities, that task will be up to the Respondent to identify. It is the intent of the BAA that the Respondent's Manager be the point of contact to the BAA Parking Manager. Respondents may have other staff, not named here, to perform other duties as needed. The BAA is simply stating that, at a minimum, to provide for one manger, one shift leader per shift and cashiers and license plate recognition technicians as needed.
- XIII. Clarification to Section Requirements – The following are the section requirements as updated in Addendum #1:
- A. Respondent Questionnaire
 - B. Experience, Background and Qualifications
 - C. References
 - D. Litigation Disclosure Form
 - E. Respondent's Financial Documents
 - F. Respondent's Proposed Operational Approach
 - G. Proposal Security/Bond
 - H. Section H shall be used for additional information provided by the respondent, which is not required by the Specifications or identified above.

END OF ADDENDUM NUMBER TWO (2)

BAA CONTRACTOR INSURANCE REQUIREMENTS
CONTRACTOR PROVIDED INSURANCE FOR NON-AIRSIDE PROJECT COVERAGE

<u>Type of Coverage</u>	<u>Minimum Limits</u>
Worker's Compensation Employee's Liability	Statutory \$1,000,000 Each Accident \$1,000,000 Disease – Policy Limit \$1,000,000 per Employee Requirements: <ol style="list-style-type: none"> 1. Voluntary Compensation Endorsement 2. Waiver of Subrogation
